THE MAIL.

THURSDAY, SEPT. 3, 1896.

THE GOVERNOR AND THE RESIGNATION.

The correspondence that took place between Sir Charles Tupper and the Governor-General which led to the resignation of the late government has been published, and it unmistakably shows his excellency to be, what his high office should exclude him from being, a partisan. Here is one extract in his correspondence with the late government:

Again, in regard to various recommendations, in detail or by inference, we discussed on Thursday, and in regard to all business which is not urgent and yet outside the routine of administrative requirements, the assumption that the government has failed to secure the confidence of the electors at the polls leaves undiminished, indeed increases, the stringency of the limitations of an already somewhat peculiar position.

Constitutionally speaking no governor has any right to either imagine or infer his advisers at any time have lost the confidence of the country. Beyond newspaper reports, and this he had no right to accept, he had no evidence when he wrote that correspondence, Sir Charles Tupper had not a majority of supporters in the new House, as the constitution stands, he had to take his information either from his advisers or the votes of the House.

It must be apparent to all that his arguments for refusing to sanction some of the appointments recommended are perfectly valid. He reasoned that if certain judgeships and senatorships were vacant for months before the elections and the country suffered no inconvenience thereby, it could not suffer much in waiting a couple of weeks longer. There is a growing tendency on the part of Canadian governments to represent that the entire treasury of the country is common plunder for the representatives, and that when any of them get defeated at the polls, the treasury should become their meat. It is well that Aberdeen has given this usage a practical snub; but it should have been done in the spirit of a constitutional adviser and not in that of a party politician.

POLITICAL.

The Free Press has this—

A prominent citizen of Brandon has been in the city for a couple of days to arrange for the nomination in the Liberal interests. He was elected with Mr. Sifton yesterday and the fact that the latter is a ready disavowing the vacancy in his present constituency shows that he must be about to join Mr. Laurier's cabinet.

A Conservative from Brandon reaching the city a couple of days ago and together with Mr. Robert Rogers, president of the Manitoba Conservative association, suggested to Liberals here that no opposition would be offered to Mr. Sifton's election in Brandon if they would allow a Conservative to be elected by acclamation to the local house for North Brandon. This arrangement will fall through as the Brandon Liberals say he will not be a party to it and will run anyway. The matter stands in that condition now but will probably be settled to-day.

From this it appears the Liberal electors of North Brandon and the Conservative electors of Brandon constituency are so many chaffs and nothing more. The former to be betrayed off as the "Prominent (Liberal) citizen of Brandon and Mr. Clifford Sifton say, and the latter as may be directed by the Conservative from Brandon and Robert Rogers" say. If we had any advice to either party it would be this: Select your own candidates as you think best, and tell the machine leaders to keep their noses in their own porridge dishes.

The separate school organ is out with "We told you so," McCarthy's candidature was merely to keep the seat warm for Mr. Sifton," "the McCarthyites have been duped," "all because McCarthy has chosen to sit for North Simcoe and resigned his representation of this division. As we have all along said McCarthy's nomination in this division was a necessity arising from the circumstances. The people had year in and year out protested against the adoption of separate schools, and in the face of this—more in the face of the fact that he had declared himself a supporter of the national school system, Mr. Daly practically sneered at the well known wish of the electors, and declared for one of the most infamous separate school measures it was possible for a body of men to formulate; and the separate school organ urged him on in this after denouncing him in unmeasured terms for opposing McCarthy in the Jesuits' estate matter. In the face, we say, of Mr. Daly's stand and the willingness of myriads of the Robinson stamp to encourage him in again misrepresenting the people of the division, there was no cure but to nominate a man, whose election would probably reflect the convictions of the people. His sitting or standing after election was a matter of no moment, as election or rejection would tell the

the electors wanted told. Mr. McCarthy duped no one here, as he never led an elector to believe he would remain if elected—all knew the turn events would have to decide that. We might here say whatever we like, the Times excepted, ought to know and that is McCarthy has in no way transferred Brandon to Sifton. In fact the constituency now stands as it did when the late House was dissolved—McCarthy has warned nothing except the blue blood in the veins of the separate school print. When the conclusion is forced upon them, the Conservatives have repudiated their former selves, and declared against coercion, so now the field is open for a fair fight. If Robinson thinks that Mr. Daly can vanquish all before him, including the cock-roaches and pissinires, the coast is clear. McCarthy's resignation has not made a vote for Sifton or anyone else.

It appears to us there is too much fuss altogether about the abandonment of "coercion" in the Manitoba school question, until the public know more about the agreement between Laurier and the Local government. If separate schools or obligations like them are coming, it is a matter of supreme indifference to the people, whether they are coerced by Laurier or Greenway. Let us have the facts, and we will then know better whether or not coercion is a dead letter. There is one thing certain the people will not be satisfied if compelled to hire Catholic teachers even under restricted circumstances, for in the absence of a plenty of that class those available would be able to dictate their own salaries. Neither will it be right to compel the employment of teachers speaking both languages, in certain schools, for two reasons: First, because they will be able to dictate their own salaries as the supply will be limited, and secondly because it will lead to the employment of French speaking teachers, long after all Manitoba children can speak English, and tend to the perpetuation of the distinctions of race, the very thing all sensible people want to see abolished.

An exchange takes a shy at the Mail because Brandon constituency is not represented at Ottawa this session of parliament. Of course we appreciate the conclusion of our confreres as to the influence of this journal, and in doing so we desire to call its attention to another important matter it appears to have overlooked—it is that this section is also unrepresented in the senate this session, though a senator was appointed for it and that too without the assistance of the Mail. Since the House opened Senator Kirchhoff's representation will assuredly cost Canada something even if it is but his mileage backwards with a pass in his pocket, if he does not open his mouth in the chamber this session. It appears to us that if representatives' private business will not allow them to give time to public matters they ought to abandon their public offices.

The Souris Plaindealer in speaking of the finances of Manitoba says: "There are first of all assets of the province amounting in all to nearly eight million dollars in value." The Plaindealer man is just the fellow the provincial treasurer has been hunting for for the last seven years—some one who could tell him where the province had assets for ten four million dollars to say nothing of eight. Will the Plaindealer man be a little more explicit and show us how he makes up his figures. The Mail is very anxious to go into this matter with the Plaindealer, if it will only make good its statement. We know the province holds as security for guarantees certain land grant bonds of railways; but they are only as an indemnification. We would also be glad if the Plaindealer man would tell us what he means by the Winnipeg and H. B. Ry. and Steamship debentures to which he refers.

A BOON TO HUMANITY.

Wherever there are sickly people with weak hearts and deranged nerves, St. John's Heart and Nerve Pills will be found an effective medicine. They restore enervated, enervated, exhausted, debilitated or overworked men and women to perfect constitutional power. Weak and pale girls and women soon regain vigorous health.

HIDDEN FOES.

Among the many foes to human health and happiness Dyspepsia and Constipation are twin enemies greatly to be feared. With B.R.K. to drive them out of the system, however, no danger need be anticipated, as every dose brings the sufferer a long step further on the road to perfect health and strength, and a permanent cure always results.

A CRYING EVIL.

Every crying evil should be promptly removed. Such headache is a crying evil, affecting thousands of Canadians, which can easily be removed by the use of Burdock Blood Purifiers, the best known stomach, liver and bowel regulator and cure for sick headache from whatever cause arising.

THERE'S A GOOD TIME COMING!

Twenty-Five Years Ago

a black man used to sell on the auction block for \$1,000, and on many occasions you could get only a poor sample of "Nigger" at that price. Thousands of white slaves are not now worth in the market their board and clothes.

Fifteen Years Ago

the farmer could exchange a bushel of wheat for a dollar in gold, but to-day he must hand over more than two bushels in order to gain possession of the same coin.

Silver was the standard of value in the days of prosperity, and the advocates of free silver coinage maintain that the remonetization of silver will remedy these deplorable evils, and give back rising prices and prosperity. Free silver coinage will put a million miners, artisans and laborers at work in the mountains of the west; the blood of commerce will again flow through the arteries of business, industry will revive; millions of men will find employment; the hand of greed will be stricken from the throat of prosperity; and the shackles of impending slavery will fall from the limbs of the common people. So strong are the indications of free silver coinage in the U. S., to be surely followed by its almost unanimous adoption, that—**WHEAT IS ALREADY ADVANCING**—with it all commodities. In view of this we have made extensive purchases of new goods at the old prices, and we are now offering fashionable

Fall and Winter Suits and Overcoats....

when you consider the quality, styles and workmanship—at **PRICES THAT WOULD MAKE YOUR HEAD SWIM**. Now is your opportunity to place your order and save money before many prices may advance to nearly double.

There are other Canadian Tailors making Suits and Overcoats equal to ours, but throughout this broad Dominion there is no Tailor turning out work that is better.

Our Manufacturing Interests.

What a Hamilton Manufacturer Has to Say.

Mr. James Brayley speaks for the public good.

THE PROPER POLICY.

Our representative interviewed Mr. James Brayley, of Hamilton, at his office, 20 King William Street. Mr. Brayley is an enterprising business man, and one of Hamilton's foremost manufacturers. His goods, saddlery hardware, punches, dies, etc., are known from Halifax to Vancouver, and stand very high in the estimation of the trade.

Mr. Brayley said: "For years I have been troubled with gravel and weakness of the kidneys. I had to stand up and clench my teeth when urinating, so intense was the pain. The pain around my loins was almost intolerable, and I felt as though a cat were being pulled down my back by the hind legs."

"I went from bed to work till at last I could not urinate at all, and had to be operated on. I had no confidence in anything, and made up my mind to suffer torture to my dying day. Reading the testimony published by the Dr. Kelsey Pills Co., I saw a similar case to my own, and, being in constant agony, decided to give them a trial, and got a box of the pills from Spackman's drug store, at the corner of Market Square."

"It did me no good, so I got another, and another, until I had taken four boxes, and was about giving up when relief came. I continued to take them till the pain left my back, and I am now as limber as an eel. Instead of getting up a dozen times a night I never get up more than once now. The urine is now perfectly clear and has no sediment of any kind."

"I am delighted to testify in behalf of Dr. Kelsey's Pills, as they cured me after the last ray of hope had fled."

LOCAL NEWS.

Fruit now comes here by the car load from British Columbia.

The cost of paint recently given the fire hall has added much to its appearance.

The Hon. Judge Walker has been visiting in the city for several days past.

The Rev. Mr. Henry and Mrs. Henry have returned from their long holiday trip in the east.

Wm. Zink has taken a trip through the Rapid City section, and finds harvesting well advanced.

The city fathers have now to grapple with repairs on 1st street bridge, as it is said to be unsafe.

Miss Nellie Mooney, of Wawanesa, at one time a teacher in our city schools, was married recently to a Mr. McCaughey, of Madison.

Some of our bank clerks are not as successful as bankers. The consequences of ventures are often rather expensive. Mr. and Mrs. W. B. Merrick, of Mr. Grey's, have been visiting friends in this city and Chatter for some time past.

The Brandon Machine Works are now making castings for heating stoves, and Mr. Wm. Miller keeps them for sale. They are said to be daisies.

Mr. D.A. Hopper has one of Rogers' buildings under the hands of a carpenter, and is completing up looking therein. He having moved over from Rapid City to reside.

Mr. C.W. Allan, who was a long time one of the best mechanics in the Brandon Machine Works, has gone to Ontario with the hope of improving his health.

The papers all around have it that Steve White, of Virgil, has purchased the Grand View hotel of this city, and the proprietors of the Grand View say they know nothing about it.

Supr. Bodder sent off on Friday a collection of roots, vegetables, seeds, fruits, etc., from the experimental farm, to the Toronto Fair, that will open the 15th of the eastern people.

We believe that Brandon is trying to arrange a lacrosse match between Rapid City and Hartney, to be played in Brandon on Labor Day. We believe Rapid City is willing to play if money or a cup is offered, or expenses guaranteed.

Dr. Mackie, of Portage, and Dr. Fleming, of Brandon, have been appointed representatives of the provincial health board to attend the meeting of health representatives from all parts of the province to be held in September at Ottawa.

On Saturday last, while two lunatics named Robert and Caruthers were out in the stable in the Asylum yards, Caruthers picked up an axe and deliberately dashed out the brains of the other. On Monday a jury was summoned and a verdict was rendered in accordance with the facts.

It is reported that Joseph Martin is to be appointed a judge. We would suggest that Mr. Laurier would create a poker court and appoint Joseph Chief Justice of it. It would be as good as a cent circus to see Hugh Sutherland landed before a tribunal so created and listen to the pronouncements of the bench.

It is not unlikely T. J. Samerville may enter an action for defamation of character, against the Brandon Sun for publishing a cut in its Saturday issue, which is said to be a likeness of him. The cut resembles the angel Gabriel getting up at 3 o'clock in the morning in January, five degrees from the north pole.

Although young Gerhold, who is only a boy, is a self-confessed murderer, there are some palliating circumstances connected with his crime. If we remember right, it was the murder of a man Henry who was tried there some years ago for shooting an Indian in Rapid City under circumstances that elicited a great deal of sympathy. It is said that on several occasions he had been young Gerhold. Mr. Joseph Gerhold, however, has nothing to do with the connection on Gerhold's record while with him up to the last murder. So, and the fact was from Gerhold's mind that the full gravity of his crime when he killed the man Henry. Of course at the trial all this would be fully set out, and Gerhold's mother and mother keeps a hotel in England, and he has several brothers and sisters, of young and residing with him.

Labor day the 7th of September. Mrs. Parker, of Treherne, is visiting in the city.

Miss Spears, of Grawford, was in the city this week.

Mr. Cushing, of Elkhorn, was in the city last week.

Mr. R. B. Cumming, of Selkirk, was in the city the past week.

Two or three old time drunks added a trifle to the city treasury the past week.

The N. P. officials in the States are advising the employees to vote as they think best.

The old electric light poles on Pacific Ave. are being taken down as cumberers of the ground.

We heard of some who mistook chickens for ducks Tuesday last, and tame chickens at that.

The Japanese cabinet has resigned. Here is a chance for Joe Martin to become Minister of the Interior.

The cheap school books are going like wild fire at Cliffe's Bookstore. There is still a supply left. Call and get them.

Miss H. A. McMullan, teacher at Bagot, is in the city enjoying her holidays. She will return to Bagot on Monday next to resume her duties.

Mr. Wm. Leach, baggage man, was unfortunate enough to lose his twin son Arthur, aged 11 months and 10 days, on Thursday last, after a few days illness.

S. Hood and Julia Francis, of Roundhouse, were married in St. Matthews last week, by the Rev. Mr. Harding. This will end the Hood winking.

Local dealers say a good sample of No. 1 hard wheat bring 45 or 46 cents on the farmer's wagon now, which may be taken as the opening price of the new crop.

Mr. Henry Taggart, who has been rusticated at Souris and Pipestone for the past six weeks, has returned to the city to resume his studies at the Academy.

Mr. Davin says that Mr. Laurier is a maker of toilettes and cosmetics. Why, that's the very thing for it includes the manufacture of wigs for bald heads.

Mr. Thompson, hail insurance valuator, adjusted over 75 claims in the country north of the C.P.R. during the last few weeks, and he says the claims are for an average of about 80 acres each.

Thos. Lee received a letter from his father, who lives in the Ottawasection, a few days ago, written by the old gentleman himself who is over 87 years of age. To catch up Thomas has a great many years to run yet.

Miss Cornell and Miss McLean, who have been visiting friends in the city for the past two weeks, returned to their home at Glenboro on Wednesday morning's express, driving across from Hilton. They are greatly in love with Brandon.

Mr. Jos. Carbert, accompanied by his two daughters, drove in from the Gilbert Plains district on Monday last. He reports harvest well advanced in that district, and the farmers are anxious for the railroad to be completed and set in operation.

Mr. C.P. Wilcox and Mr. Arthur Taggart went down to Carberry on Sunday morning's express, returning in the evening. While there they were the guests of Mr. and Mrs. Geo. Haslam. Carberry seems to have gained an attraction for some of our boys.

At the meeting of the Brandon district board of commissioners held recently the following applications were granted: From Stephen White for location of the Balmoral hotel, Virgil, to Alex. Patterson; from M. Isbister for transfer of the Crescent hotel, Souris, to Wm. H. Menary; and from Alex. Patterson transfer of the Victoria House, Virgil, to Jas. A. Huston. The application of Daniel Baxter for a license for the Pacific hotel, Metivon, was withdrawn. A protest was entered against the application.

A subscriber in an adjoining village complains because the local papers do not leave more of his village news. Well, the fault lies wholly with the villagers themselves. Any local publishers are always willing to insert local news from the surrounding villages, if sent in, but they are not always in a position to undergo the expense of sending reporters around every week to pick it up. Let our neighboring villages send to the Mail their notices of interest, weekly, and they will always find space in the paper.

Mr. D. D. Mann returned last evening from Gladstone. He states that fourteen miles of the Lake Dauphin railroad have been completed and the track layers are pushing the work with great rapidity. The first shipment of wheat was made over the new line yesterday. The cars were taken to the end of the track and were loaded with the grain which was hauled through to Port Arthur. There are 74 cars for the Lake Dauphin railway at Gladstone. Two trains daily are already running so the road can now be said to be in operation.—North Western.

Mr. John Hanbury has returned from an extended trip through the Kootenay country. He was a close observer, and he visited most points of interest in the country, he is in a position to give a lot of information as anyone else who makes the journey. He believes that entire country is rich in minerals, some sections having gold, others silver and again other minerals. The most progressive points he struck were Rossland, Trail, Sandon, Kootenay and Nelson, though many other points set in their infancy have a good future before them. There is no agricultural land to be had, everything is mining and of course the commercial pursuits that are necessary to supply miners. Mr. Hanbury said some money in each of these, which is evidence he has confidence in the mining future of the country. On his trip he met many old and new Brandoners, the majority of whom are residing well.

Mr. Girdlestone has purchased Mr. J. H. Wallace's residence on 10th St.

The Fraser Dramatic Co. are now drawing full houses in our opera hall.

Hood's Pills for the liver and bowels, act easily, yet promptly and efficiently.

Mr. Cliffe left for Toronto on Tuesday to visit her parents in that city, who are both over 80 years of age.

H. Hoppard, a C.P.R. brakeman, was killed at Gladstone Thursday last by falling under a car while in motion.

And so Joe Martin is to go on to the bench in the Territories, and how will the Territories like the importation?

Mr. Struthers, of the Barnardo farm, was here last week looking into the history of the boy Gerhold, sent up for the murder of Henry.

Mr. A. Kennedy clerk of Elton, was unfortunate enough on Monday last in Brandon to lose his pocketbook containing \$60 in cash, cheques and other valuables.

Mr. H. C. Banister, of the Dufferin House, Carberry, has purchased the property adjoining his hotel and has built upon it two large commercial style rooms.

Wonderful are the cures accomplished by Hood's Sarsaparilla and yet it is only because Hood's Sarsaparilla is the one true blood purifier, makes pure, rich, healthy blood.

The school population of Brandon keeps growing at the rate it has grown for the few years, soon all the vacant buildings in the town will be required for school rooms.

Mr. W. F. Parker, an old time Brandonite, who now resides in Brockville, Ont., is again in the city looking well and strong. It is his intention to go on the road again a short time this fall collecting for Sylvester Bros.

It is said the Hon. David Mills declares the treatment of the late government by Aberdeen to be unconstitutional, and he refuses to go into Laurier's cabinet because Laurier accepts full responsibility for Aberdeen's acts.

A fire occurred by the explosion of a lamp in Burnett's Terrace, 318 street on Saturday evening last. The fire having caught in a bed was extinguished by a few individuals after a little difficulty. The fire brigade which were promptly on the scene were however not needed.

Rheumatism in various forms is one of the most common diseases there is. It arises generally from impure blood and a broken down system. In the limbs it is painful; in most of the internal organs dangerous, and in the heart usually fatal. The experience of Mr. S. Mann, the well known general merchant of Stittsville, is interesting: "Last winter I was badly afflicted with rheumatism. I decided to try Dr. Chase's Pills. To my surprise I got immediate relief, and before I had used one box my affliction was gone. I was also troubled with biliousness for years, and at intervals of three or four weeks would be laid up with a severe headache and sick stomach. Since using Chase's Pills I have not had an attack of either."

"I may add that Dr. Chase's Ointment for piles and skin diseases is just as effective as Dr. Chase's Pills for blood troubles. I have a clerk who suffered terribly from bleeding piles. He tried Chase's Ointment and in a few days was completely cured."

of every big and little detail—careful buying and close selling—these things are at the bottom of our success in the grocery business.

We began selling retail about a year ago, and we believe that today we have the largest and best grocery business in the North West. The very best people of the city come here to buy. Nobody who wants the best foods for the least

money can afford to stay away.

Our stock is many times larger than any other grocery store in town carries. It requires many clerks to serve the army of people who favor us with their trade.

Our store is as perfect as we know how to make a store. But it doesn't satisfy us. We are never satisfied. We propose to keep on improving our stock, and to give better and better service all the time. Wouldn't you like to trade here? We would like to have you.

This week we will call your attention to the following:

Patent Lamp Burners 50c. each. These are one of the best things ever invented in the way of Lamp Burners. Here are some of the advantages they have over ordinary burners.

A lamp with this burner on cannot explode as there is a tube coming out from under the burner which allows any gas there may be to escape.

It is not necessary to take off the burner when filling the lamp. The oil is poured in through the tube which has a movable cap. This saves a great deal of time and bother.

These burners produce a much better light than ordinary burners.

If a lamp with one of these burners on is knocked over the oil will not take fire as there is an automatic arrangement which puts the light out. When putting the light out you simply press a knob. No blowing necessary.
